ALL NATURAL MINERAL FERTILISER and ALL NATURAL PHOSPHATE

All Natural Mineral Fertilisers and All Natural Phosphates supply a wide range of **vital minerals and trace elements** to the soil, such that plants respond **positively** and sometimes **dramatically**. Studies have shown the following effects:

- ❖ Better **tasting** fruit and vegetables
- ❖ Improved **mineral content** in produce
- ❖ Better **root development**
- ❖ **Hardier** and **healthier** foliage
- ❖ **Faster** growth
- ❖ Greater **resistance** to disease, insects, frost and drought

For **faster results** we recommend that you try our activated All Natural products.

ALL NATURAL MINERAL FERTILISER (with fish & kelp additives) or ALL NATURAL PHOSPHATE(with fish & kelp additives)

All Natural **Activated** Mineral Fertilisers and **Activated** Crushed Phosphate Rock have the addition of **fish fertiliser and/or kelp**, which **increases microbial action** and further **improves production** results due to a more **efficient conversion** of minerals into plant food.

APPLICATION RATES

- ❖ **PASTURE** according to soil test or about 150-400kg/Ha.
- ❖ **HORTICULTURE** according to soil test or about 300-600kg/Ha. Including VITICULTURE
- ❖ **VEGETABLES** according to soil test or about 600-1000kg/Ha.

A happy customer comments –

*“... **great strike rate** with my green crop. Very even.”*
